Chas. Spindler, a well-known traveling salesman, was a passenger for San Francisco on Friday morning's Southern Pacific train.

H. H. Granice, accompanied by Dr. and Mrs. Sprague and two children, were visitors to San Francisco last Saturday via the S. P.

I got you, Minnie Madden, in last Saturday's issue. Belle Brandon is the one and she is surely some doll in her Sunday go-meeting clothes.

Heine Bruno, our well known teamster, was busy the fore part of the week moving into his apartments in Charley Danieli's windmill house.

Work has been discontinued on the Nordwell ranch until spring. The roads are gravelled and finished and many other improvements have been made.

Among those who took the S. P. train from here Sunday morning were Mr. and Mrs. L Green of Sonoma for Santa Rosa. Bill Block of Vineburg, Miss Lucy Block, Miss Irene Baines and Geo. Block of El Verano for Kenwood.

Louie Parente, the well known fight promoter of the bay city, was in town the fore part of the week looking over the condition of some of his boxers who are to appear in his show at Dreamland Rink Friday evening.

Leon Mouyer went to the metropolis Sunday to view the new champion. Willie Ritchie, at the Empress theatre. Leon says the native son is there with the goods and a large crowd assembled to greet California's first lightweight champion of the world.

Several carloads of fine Xmas beef and sheep were unloaded at the S. P. yards here Friday morning consigned to Lewis & Cummings at Sonoma and A. E. Gaige & Son, Glen Ellen. Noonan's meat market at Santa Rosa received the rest of the train load, which came all the way from Reno, Nevada.

Runaways seem quite common around these parts. Last Tuesday morning while the driver of the Sonoma Chinese Laundry wagon was delivering some washing to Mrs. A. Gale at the S. P. depot the horse which he had left outside became frightened at the morning freight train and ran away at break-neck speed. As it passed the El Verano lumber yard Louis Peterson bravely grabbed the steed by the bridle and brought it to a standstill. Meanwhile Sing was picking up the "washee" which had been scattered along the road during the excitement and finally delivered it to his customers unharmed.

Ed. Benson, well-known bottler at Agua Caliente Springs, has returned to that place, after a brief visit in the metropolis.

Last Monday the pulling out of the vines in one of the largest and finest vineyards in California commenced. It is the property of the P. I. Co. here. It is said that the foreman, who soon leaves for Oakland, wishes to leave a remembrance behind him. At any rate, Frank, the wine making will go on whether you leave or stay and the saloons will run without you.

Austin Moore, our well-known teamster, met with a mishap last Tuesday morning. It happened this way. Mr. Moore was endeavoring to capture a horse which had escaped from the pasture and on succeeding mounted the animal without a bridle. Starting home at a fast gait, the horse stumbled, falling down heavily on Mr. Moore's right leg, badly crippling it. He will be laid up several days.

George Mizue, Jap foreman on the J. K. Bigelow ranch, who was to have sailed on the steamship Mongolia for Japan to claim a fair Japanese beauty for his wife, was disappointed on receiving word from the Japanese consul that if he made the trip he would be held and made to join the army. The message said he would have to wait until August before it would be safe for him to land.

Lee Johnson, colored demon of Oakland, is at Parente's training quarters this week with a staff of sparring partners conditioning himself for a four-round bout for the lightweight championship of the Pacific Coast with Willie Hoppe, the boy who floored champion Ad Wolgast twice in a three-round exhibition bout at the training quarters when he was training for Willie Ritchie at the Seal Rock house.

While Wolgast and Ritchie were struggling for supremacy at Daly City, El Verano was having a heavyweight battle, in an open air arena at that. Both men, in this bout tipped the scales over the 200-pound mark and the battle lasted just one half of a minute. It was interesting while it lasted and class was shown by both the giants. Some say that it was a right cross that ended the struggle but McKiver, who had a bleacher seat, saw the blow struck and claims it was a Canadian uppercut that did the trick. The winner was about town last Friday receiving congratulations.

The Batchelors Club held a high jinks last Thursday evening (Thanksgiving night) at its new club room. Chickens of all kinds were served, fried and stewed. Plates were laid for twenty and the boys had a most enjoyable time. Joe Pendergast served as caterer and filled the position with class. Larry Larson's fine tenor voice was also heard and enchored several times. Albert Rossi made a speech while Alden Childs gave the crowd assembled a sample of his jig dancing. At midnight "Home Sweet Home" was played and Dutch Vincent sang his choice song "Nobody Loves a Fat Man." Another meeting will be held New Years eve. Sonoma's choicest and sparkling wines were used to wash the bones down. Archie McKiver was one of those present, having a special invitation.

ARCHIBALD MCKIVER.

ANTI-ROADHOUSE ORDINANCE IN COURT

John D. Connolly, the Pioneer Hotel Man of Occidental, Will be the "Goat" in a Test Case.

As given out by District Attorney Clarence F. Lea in these columns in last week's issue, the anti-roadhouse ordinance will now be tested in the courts.

With this object in view that official has filed a complaint in a civil suit in the Superior Court of this county against John D. Connolly, the pioneer hotel man of Occidental, which is not an incorporated town.

The complaint recites the details leading up to the placing of the anti-roadhouse ordinance on the ballot, the vote taken at the election and the subsequent operating of the places not having the required number of rooms—a bona fide hotel having thirty-five rooms—since the ordinance went into effect.

This suit will place the whole business squarely before the courts for determination. The action is now on the calendar of Judge Emmet Seawell's department of the Superior Court of this county.

In the opinion of many learned lawyers throughout the State the anti-road house ordidance is unconstitutional and susceptible of being punched full of legal holes.

Wonderful Cluster of Mushrooms

Frank Demartini of this place on Wednesday was exhibiting a wonderful mushroom which he had picked on Jack London's ranch near Glen Ellen early in the morning. It was while passing through the ranch that he observed the growth alongside the roadway and jumping out of his rig he secured it. The mushroom, which is twelve inches in circumfrence and weighs over a pound, is in fact a cluster of 300 small mushrooms compactly pressed together, varying in size from a pin head to a walnut. It is surely a freak of nature, the like of which we have never seen or read about.

BURGLARS ENTER DUHRING'S STORE

They Carried Away no Loot, However, and Were Evidently Frightened Off the Premises.

Burglars effected an entrance into Duhring's store late Monday night, but singular to relate nothing was missing, the burglars evidenlty becoming alarmed and making off before they had time to secure anything of value.

They made their get-away in a handcar purloined from the tool house of the N. W. Pacific railroad.

The store was entered through the door on the side of the building facing the plaza. This had been forced open with a pick taken from the tool house of the Northwestern Pacific railroad, which had previously been broken into and a handcar stolen.

The burglary was discovered early Tuesday morning when it came time to open up for business.

Deputy Sheriff Ryan was immediately notified and got busy, but an all day search failed to locate either the culprits or the missing handcar.

Alex. Barton, a trackwalker on the Southern Pacific, discovered the missing handcar near the drawbridge across Napa river early Wednesday morning, where it had been abandoned by the fleeing crook, whose identity is as yet unknown.

ROADHOUSES AND THE SUPERVISORS.

They Pass a Resolution to Issue no More Saloon Licenses Except to Thirty-five Room Hotels.

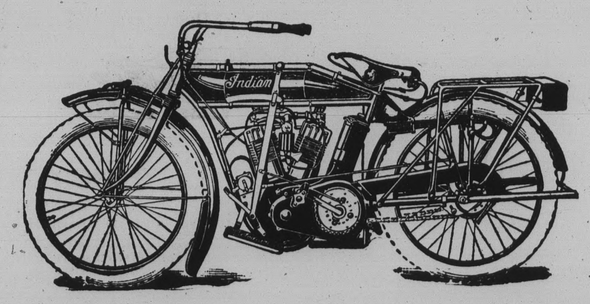
At Monday's meeting of the Board of Supervisors the matter of closing the roadhouses in Sonoma county coming up for discussion, the following resolution, which speaks for itself, was unanimously adopted in compliance with the anti-roadhouse ordinance which was endorsed by the voters at the general election held last month:

"Whereas, The people of the county, at the recent election, voted in favor of the adoption of an ordinance limiting the issuance of liquor licenses to persons engaged in conducting bona fide hotels of not less than thirty-five rooms each, for the accommodation of guests, and the validity of which ordinance is now in question before the courts; therefore be it

"Resolved, That this Board issue no further liquor licenses, except in conformity with the provisions of said ordinance, until the courts have passed upon the validity of the same and that thereafter licenses shall be issued only in conformity with such court decision."

Unless the suit now pending before the courts to determine the validity or invalidity of the anti-roodhouse ordinance by the first of January all places other than hotels with thirty-five rooms will have to close their doors, as the resolution passed by the Supervisors above quoted will preclude the issuing of the usual number of licenses which date from January 1st.

1913 Models of the Indian Motorcycle.



Following the "14 important Improvements" of 1912, the Hendee Mf'g Company announce no less than a dozen additional new features in their 1913 model of the Indian Motorcycle.

By far the most significant feature of the new machine is the Cradle Spring Frame. It is something entirely new, a radical departure from the conventional bicycle and recent motorcycle systems of "springing." Briefly, the new device consists of the application to the rear wheel of the Indian Cradle Spring device as used on the front fork for the past three years.

Extending back horizontally from the frame joint cluster under the saddle, flanking the rear mudguard, are two 7-leaf Chrone Vanadium steel springs. The "C" shaped curls at the rear end of these springs are connected by stays to bell cranks on which the rear axle is hung. The forward end of the rear fork has a hinge joint which enables the rear wheel to yield to imperfections of road surface. All shocks are completely absorbed by the leaf springs. The rear wheel can go through almost any vertical motion without affecting the body of the machine. There is no "bottom" to this spring device. The life of the machine is greatly increased.

The Engineering Department of the Hendee Mfg. Co. devoted 18 months of exhaustive test to the Cradle Spring Frame before finally deciding on its adoption for all models of the 1013 Indian.

In addition to the Cradle Spring Frame, the 1913 Indion embodies 10 other important improvements which will be appreciated by motorcycle riders in general. Prices remain the same as last year.

New style, single clinch rims; larger tires, wider mud guards front and rear with larger splashes; casing for upper stretch of transmission chain and curve of sprocket; larger luggage carrier in rear, fitted to all models; foot rests as well as pedals, fitted to regular 4 h. p. and 7 h. p. models; foot-brake lever fitted on left side now operates band brake as well as the pedal action; larger size multiple disc clutch now fitted to all models alike; improved Indian type saddle.

All 1913 Indians will be chain driven and finished in Indian red only.

The Drys Are Again Rebuked in the Southland

A dispatch received from Chas. Spindler dated Los Angeles, Dec. 4th, says that at an election held in San Pedro on Tuesday last, the Anti-Saloon element went down to defeat in a wet and dry contest after a red hot fight. The anti-free lunch counter in saloons was also beaten in Los Angeles, all of which goes to show that the people of Southern California are at last coming to their senses in the matter of downing Prohibition and its vicious measures. It also goes to prove that the Anti-Roadhouse League of Sonoma County misrepresented conditions in Southern California in order to gain a point in the recent election held in this county having for its purpose the elimination of the roadhouses.

Congressman Kent a Land Grabber

The suit instituted several years ago by the United States government against the Golconda Cattle Company of the State of Nevada, of which Congressman Wm. Kent is the virtual head, resulting in a victory for the government as against the landgrabbing proclivities of Congressman Kent and his Golconda associates.

The Golconda Cattle Company was found guilty by the U. S. District Court of Nevada of illegally fencing in government land. This was some time ago, and an appeal to the higher court was lost. Twenty-six thousand acres of government land was involved in the suit. This land had for years been illegally used by Congressman Kent's Company for grazing purposes to the exclusion of the general public.

There is a moral attached to the outcome of this suit. It is this: Beware of professed reformers who need reforming themselves.

It Costs Money to Run this Government

A dispatch from Washington under date of December 4th says the appropriation bill submitted to Congress on that day carries with it $34,897,105. The Presidents salary will remain at $75,000 per year while his private secretary will received $6,000 per annum.

Emmet Olmstead, editor of the Petaluma Argus, who opposed Roosevelt for President and Wm. Kent for Congress, is again seeking another four-year term as Postmaster of his city. He has the endorsement of Senator Perkins, but will be opposed by Congressman Kent. Just the same, however, he is going to win out, the "reform" Congressman to the contrary notwithstanding, as he has made a most excellent official and Kent has no influence in Washington, any how.

Automobile and Motorcycle Notes

The Misson Garage, agents for the Indian Motorcycle, has just received word from the Hendee Manufacturing Co., that it has made many radical changes in Indians for 1913. Watch out! Our announcement containing these changes, together with the great surprise, "The Price," will soon be made.

The Hudson automobile for a lady to drive is just the thing. Starts by simply pressing a button. The Hudson six-cylinder car is conceded by experts to be the fastest thing on wheels. The stock touring car will do eighty miles an hour. Some people will say this is altogether too fast, but power means speed. The other extreme of speed is four miles an hour on the high gear. To show the flexibility of the motor the car will from a standing start get a speed of 60 miles an hour in 30 seconds. What other motor will do this without choking? This car to responsible people we will take care of for three years. Before buying a car see the Mission Garage they can save you money.

Emmet Gottenberg recently met with a very painful accident in the machine room of the Mission Garage while operating a lathe. The fingers of one of his hands got caught in the machinery and were badly larcerated.

From what we can hear there seems to be a quiet little real estate boom going on in this burg, and some one says that the little sly rascal Dan Cupid has something to do with it. We don't know. Time will tell.

Bigelow and Spreckels After the Roadhouses.

On Wednesday last G. J. K. Bigelow and Rudolph Spreckels of this valley petitioned the Superior Court for a writ of prohibition directed against the Board of Supervisors of this county restraining them from issuing any liquor licenses after January 1, in accordance with the provisions of the recent anti-roadhouse initiative ordinance.

The Supervisors have already passed a resolution to the effect that no more licenses will be granted until the court has passed upon the validity or invalidity of the new ordinance, and if it shall be held valid by the court that no more licenses will be issued except under the provisions of the terms of the ordinance.

District Attorney Lea asked counsel for Spreckels and Bigelow to take up the hearing of the petition for a writ in Judge Seawell's department of the Superior Court Thursday morning. Judge Seawell having consented to sit and hear it at once but counsel were not ready to do so.

Death of Ernest Missbach

Ernest A. Missbach, who located in this valley on the Switzer ranch near the Schellville Colony with his wife and children, several years ago, died last Wednesday after a lingering illness.

He had been confined to his bed for many months and although his case was considered all but hopeless from the very start, the deceased was skillfully treated by physicians and tenderly nursed by a devoted wife who never lost faith in his ultimate recovery. The deceased leaves a wife and several small children.

The funeral will take place tomorrow and the remains will be privately interred in Mountain Cemetery.

Good Roads.

Petitions are being circulated by the County Development Board calling upon the Board of Supervisors to ascertain what it will cost to connect all the towns in the county with a system of modern roads, and if found feasible to submit the question of bonding for this purpose to a vote. If interested, please call at either of the banks, or at Clewe's or Duhring's, where petitions are ready for your signature. The law requires that the petitions must be signed by freeholders and one thousand names are required.

MURDERED HIS GIRL BRIDE.

Silvio Niccolli, Insanely Jealous of his Wife Shoots Her and then Attempts Suicide.

Mrs. Leonora Rovai Niccolli, who was murdered in San Francisco on Friday of last week, was buried here Monday afternoon, the remains having been shipped here from the metropolis for interment in the family burial plot in the Catholic cemetery.

The murdered girl, who was eighteen years of age last August, was married to the man who took her life about four months ago. The nuptials took place in San Francisco, where the couple had resided up to the day of the tragedy. From the very start the husband became insanely jealous of his girl wife, who complained to her relatives that on one occasion he had placed a pistol to her head and threatened to kill her. There were no eye-witnesses to the tragedy. When the dead body of Mrs. Niccolli was discovered lying upon the floor of her home in the city her husband lay alongside her with a bullet hole in his head. He was conscious and claimed his wife had committed suicide and in his desperation he picked up the weapon and attempted to kill himself.

The relatives of the dead girl do not believe this as she had told them she was in constant fear of her life.

Mrs. Niccolli, the victim of the double tragedy, was the daughter of Mr. and Mrs. Frank Rovai, for many years residents of this valley. She was born on the old Halstead ranch, now known as Fetters Springs, of which her father was the manager for a number of years. She was also a niece of Felice Rovai of this place, and was highly thought of here.

BIG ADVERTISEMENT FOR CALIFORNIA

San Francisco and Entire State Will Benefit Through Publicity

It pays to advertise. Any business man will tell you that. But what a great many people do not realize is that advertising—judicious advertising—pays the advertiser, whether the advertiser be a business man, a city or a State.

The census returns show a healthy growth in the great majority of cities throughout the United States but the greatest average increase in population is found in those communities that have followed a course of systematically advertising their superior advantages in climate, and in commercial and industrial possibilities.

A striking example of the benefits of municipal advertising, as illustrated by census returns, is shown in a recent press dispatch from Washington giving the completed figures from four cities. The city of Jacksonville, Florida, heads the list with a increase of 103 per cent. This is a wonderful increase and way beyond anything shown by the other cities included in the report.

The explanation is simple. The city of Jacksonville has been a generous and consistent advertiser. Henry M. Flagler has expended $2,000,000 in telling the world about Florida, and about the beautiful and progressive Jacksonville and the world has responded. Florida has grown and developed remarkably in ten years and Jacksonville has shared in the general prosperity.

The advertising that San Francisco is receiving and will continue to receive for the next five years will bring results equal to those shown in the Jacksonville returns. Not a dollar of money that is being spent by San Francisco in the fight for the Panama-Exposition will be wasted. It is an investment, and an immensely profitable one whether the fight for the fair is won or lost, and as we are going to win, the investment will be doubly profitable.

WHAT IS THEIR EXCUSE?

Oxnard Courier Believes All California Papers Should Boost the Exposition.

The Oxnard Courier wants to know what excuse any California paper has for not boosting for the Panama-Pacific Exposition. Commenting on the indifference of some and opposition of others to the movement, the Courier says:

"The editor of the Santa Ana Blade refused the invitation to be the guest of the San Francisco and San Diego Exposition companies at Santa Barbara because he was afraid it would put him under obligations to boost for a $5,000,000 bond issue for the benefit of San Francisco. The Blade man made a mistake. He should have gone to Santa Barbara and listened to the San Francisco and San Diego speakers. A judge would be a poor jurist who makes up his mind before he hears any of the arguments. This fair proposition is one that is not for the glory of San Francisco, but for the glory of California as against New Orleans and Louisiana. The latter State with an assessed valuation of only one-fifth that of California has already raised six and a half millions. If the Blade and other newspapers of Southern California that did not send representatives to Santa Barbara and in the light of the developments at that conference, are not willing to shout for "San Francisco, San Diego and all California," what are they going to shout for in the World's Fair controversy? The Southern and Middle States are solid against California. The West and the East will have to pull unitedly for this big Exposition or it will go to the South. What excuse has any California paper for not boosting for the Fair in this State?"

DESERVES THE EXPOSITION.

The Legislature of California has done itself proud. Convened in extraordinary session by Governor Gillett its members passed an act providing $10,000,000 for the Panama-Pacific International Exposition in 1915, which all Westerners hope will go to San Francisco, which has proven herself the most marvelous city of the age since being all but obliterated by the gigantic disaster of April, 1906. By its complete rehabilitation in the short period of three years the Trojans of the West have already more than proved their claims to the Exposition, which should it go their restored city overlooking the Golden Gate would be the greatest the world has ever known —Sonoma Index-Tribune.

ENDORSE SAN FRANCISCO.

Resolutions endorsing the proposed Panama-Pacific Exposition for San Francisco hae been adopted by the Stanislaus Board of Trade. This action was taken in response to a request from the Chamber of Commerce of San Francisco, the proposition meeting the hearty approval of the members of the Board of Trade who feel that San Francisco's interests are closely related to the best interests of the San Joaquin valley.
